Nantucket Sinks warrants this sink to be free from fading or staining of the glaze for 5 years from the receipt of purchase. This warranty is extended to the original purchaser of the Nantucket Sinks Fireclay sink. We will replace at our option a sink that is found to have a material defect without charge to the purchaser. The warranty covers only the Fireclay sinks and when installed in a conventional countertop. **Transportation costs or labor costs are not included in this warranty.** This warranty does not apply to damage or defect caused by: Failure to follow the recommended procedures for installation, care and maintenance. chips or scratches, abusive treatment or environmental factors. Sinks which have been moved from original installation location. The use of corrosive materials, corrosive liquids or photographic solutions. Nantucket Sinks reserves the right to examine the installation and product prior to installation. This warranty is extended to only the original consumer purchaser of the product.

Stainless Limited Lifetime Warranty:

Nantucket Sinks warrants the quality of its stainless steel sinks to be free of any manufacturing defects in the workmanship or the material composition when installed properly and used in a residential application. This warrant is extended to the original purchaser of the Nantucket Sinks stainless steel sink. We will replace any sink at our option that is found to have a material defect without charge for a lifetime of residential use. The warranty covers only the stainless steel sink and mounting hardware when installed in a conventional countertop. Transportation costs or labor installation costs are not included in this warranty. Diagnosis and/or replacement of any faucet or component part, or any other expense or loss are also not covered. Undermount sinks must be installed in a solid surface countertop. This warranty does not apply to defect or damage caused by: Failure to follow the recommended procedures for installation, care and maintenance. Dents or scratches, abusive treatment or environmental factors Sinks which have been moved from original installation location. The use of corrosive materials, corrosive liquids and or photographic solutions. Nantucket Sinks reserves the right to examine the installation and product prior to replacement. Ceramic Warranty:

Nantucket Sinks warrants the quality of its ceramic sinks to be free of any manufacturing defects in the workmanship or the material composition when installed properly and used in a residential application. This warrant is extended to the original purchaser of the Nantucket Sinks ceramic sink. We will replace any sink at our option that is found to have a material defect without charge for a lifetime of residential use. The warranty covers only the ceramic sink and mounting hardware when installed in a conventional countertop. Transportation costs or labor installation costs are not included in this warranty. Diagnosis and/or replacement of any faucet or component part, or any other expense or loss are also not covered. Undermount sinks must be installed in a solid surface countertop. This warranty does not apply to defect or damage caused by: Failure to follow the recommended procedures for installation, care and maintenance. Abusive treatment or environmental factors Sinks which have been moved from original installation location. The use of corrosive materials, corrosive liquids and or photographic solutions. Nantucket Sinks reserves the right to examine the installation and product prior to replacement. This warranty is extended only to the original consumer purchaser of the product.

Specialty Metal Products:

Due to the intrinsic nature of our handcrafted product and artisan process, variations in dimensions, color, texture, hue, hammering, uniformity, and finishes are expected and not considered defects. This warranty covers what is considered a manufacturers defect only. Manufactures defects include improper welding or structural defects. We offer no warranty with respect to the finish on the products, as the finish naturally changes over time. Our brass and stainless steel products are untreated and will patina over time. These products do not have any plating and are solid throughout allowing polishing to return the shine once they have patina'd. The copper sink should be treated only with a fixture wax to clean any residue. Our nickel is electroplated and requires special care & maintenance. Be aware that by using products other than the recommended care products or failing to abide by the preventative maintenance measures outlined in the care and maintenance section will void the warranty. Be aware that leaving acidic foods, chemicals, cleaning products, personal grooming products, etc. can and will remove the plating or patina voiding the warranty. Please refer to the care and maintenance of our specialty metal products in the FAQ care section of our website.
