# THE STORY

...the story of the YISHelf™ begins with another Why. Why doesn't there exist a niche which has no grout lines. Why doesn't there exist a niche where there are no worries about waterproofing. Why should shampoo bottles which exist just to serve us be kept in boring places. Why should the shelf be just utilitarian. Why isn't there something for the design centric shower aficionado...and we could go on with the Why's for a while. But why do that (pun intended). Hence the YISHelf™. Born out of questioning the status quo. Born to liberate mankind and their shampoo bottles from all kinds of boredom. The YISHelf™. Do you have the walls to wear it?™

“How do you design a shelf that blends in, & stands out.”

## THE CREATION OF SPACE

# Y | S H E L F<sup>TM</sup>

The Y | S H E L F<sup>TM</sup> by Neelnox creates a sensational focal point in a shower. With sleek lines and succinct angular corners, this shelf is more than just a shelf, it is an unparalleled architectural statement. The distinctive modern design adds a striking contemporary flair to your bathroom. The tight corners give you maximum storage space for your shampoo bottles. The sloped bottom makes sure the water drains. The series is hand crafted from premium 304 grade stainless steel. The option of tiling the back opens a world of design possibilities ranging from transitional to traditional.

“We set out to make a shelf, ended up redefining the spatial aesthetics of an entire area.”

## “THE ART OF ORGANIZING”

Showering is an experience that has no parallel. The YISHELF™ enhances that experience by organizing the shower space in a way that ordinary shelves can't. The recessed in wall design ensures that there are no sharp metal protrusions. The availability of sizes ranging from 6 inch widths to 72 inches, gives you the ability to dress up the shower while still preserving ample space for the essentials. The result is an exceptionally organized space that is as aesthetically pleasing as it is functional.

# Blissful Showers

The Y | SHELF™ organizes your shower area, while decluttering the space and creating a soothing environment.

# THE FEATURES

- Available in 16 different sizes ranging from 8in to 72in
- Installation of the Y I SHELF™ is a breeze as compared to fabricating a tiled niche.
- Hand crafted from 304 grade stainless steel
- Choose between Undermount & Flushmount
- Sloped bottom ensures proper drainage of water
- 3<sup>3/4</sup>" depth fits the boldest shampoo bottles
- Integrated in-wall shelving solution
- Optional: Tile the back to create a minimalist look evocative of a custom stainless steel frame.

“Bold, subtle, sleek or minimal. And always stylish, neelnox has changed the way you shelve by introducing the Y I SHELF™.”

# ULTRA HYGIENIC

**"Easy To Clean.  
And Maintenance Free."**

Water tends to stagnate along the base in tiled niches. Over time, this will gather mold and mildew. Stainless steel is easy to clean and resists bacteria and germs more effectively than ceramic and glass tile.

A photograph of a shower stall with walls covered in small, square, light-colored mosaic tiles. On the left, a chrome showerhead is mounted on a vertical bar. Two square, built-in shelves are mounted on the wall. The left shelf holds a yellow candle and a reed diffuser. The right shelf holds a bottle of soap and a yellow sponge.
