Urban Collection

Influenced by the Industrial chic style, the Urban Collection fascinates with its sober, essential and clear lines intended for the creation of functional furniture with robust simplicity and a contemporary charm that easily adapts to any environment. The open compartments that can be installed on both sides of the spacious soft-closing drawers offer perfect modularity and infinite possibilities of combinations to obtain a versatile and functional bathroom solution thanks to the inclusion of optional feet in black metal that can act as a towel holder. Every detail of the Urban Collection is well designed to offer maximum comfort in a perfect metropolitan style.

1973 Collection

1973 Collection

Dedicated to 1973, the year in which initiative and the creative spirit find fertile ground for the realization of avant-garde projects from an architectural and artistic point of view. The 1973 line, with a decidedly retro flavor, but of modern inspiration, represents a real novelty in the bathroom furniture panorama. Equipped with a practical open compartment and capacious slow-closing drawers with retractable groove handle, it can be installed with the support of optional solid wood feet. Available in the single and double sink versions. The collection is completed by elegant retro-style back-lit mirrors with diamond processing on the edge.

Mirrors Collection

Mirrors Collection

A mixture of wall hung mirrors, LED mirrors, and LED medicine cabinets that complete the look of any bathroom! Hardwiring for LED products is key to the sleek and modern look!

LED Mirrors and medicine cabinets can be found with features such as touch systems, power sensors, bluetooth speakers with radio frequency enabled, anti-fog systems, temperature displays, and even bronzed mirrors with RGB lighting.

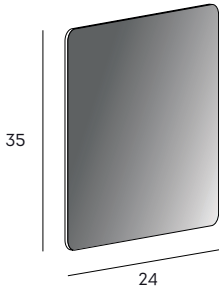

Many of the mirrors also feature artistic border designs and framing, which can be matched to several collections for a most synchronized look.
