## THE VENTI20 COLLECTION BREATHES NEW LIFE INTO SIGNATURE ELEMENTS THE '20S

With carefully dosed retro notes, yet doing away with nostalgic replicas, are known for – the detailing, the iconic style, the playful essence. The collection ingests the enthusiasm for life and future-looking optimism of that era and infuses it into the most private spaces of contemporary living. In this visionary outlook lies the recipe for a new appreciation of style and improvement to people's lives today.

# VENTI20

*"It was a great fortune to have been able to visit the Gessi factory at the right time. It was very important, because otherwise we would certainly have approached the project differently. For me, visiting Gessi was a surprise. It was like living that fantasy that every designer has of seeing that there is someone, a company or a team of people, who manages to combine technology, craftsmanship and art in a single object. And we experienced this at Gessi. And that says it all, doesn't it?"*

## THE SPIRIT OF THE TIMES

The future belongs to those who believe in the beauty of their dreams. The uncertainty of recent times has filled us with angst, making it ever-more important to create positive moods though a new approach to the poetry of living, a new path to beauty, and a freeing of the imagination to dream of the future. Positive emotions become sources of wellness, a wellspring of rebirth.

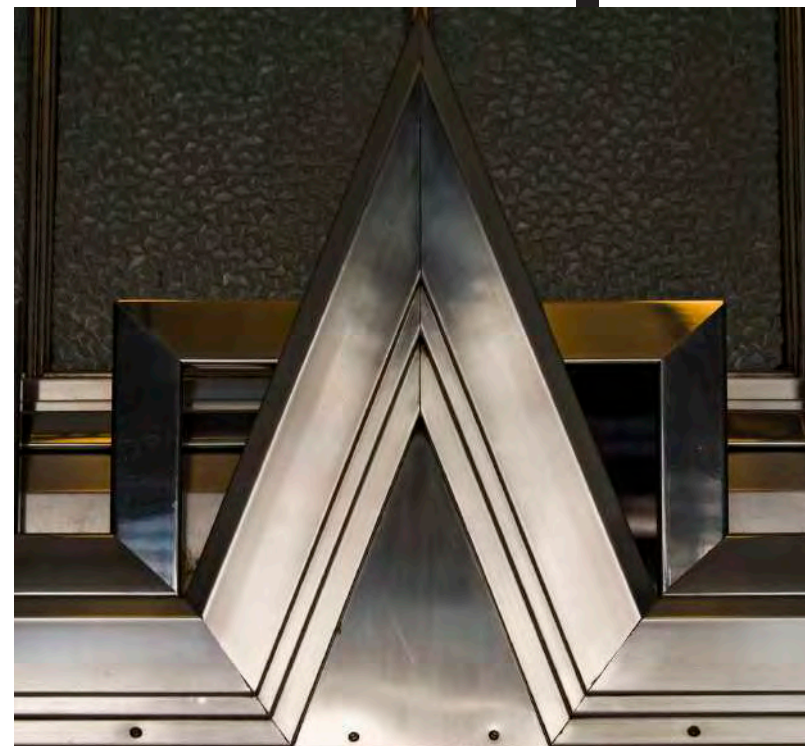

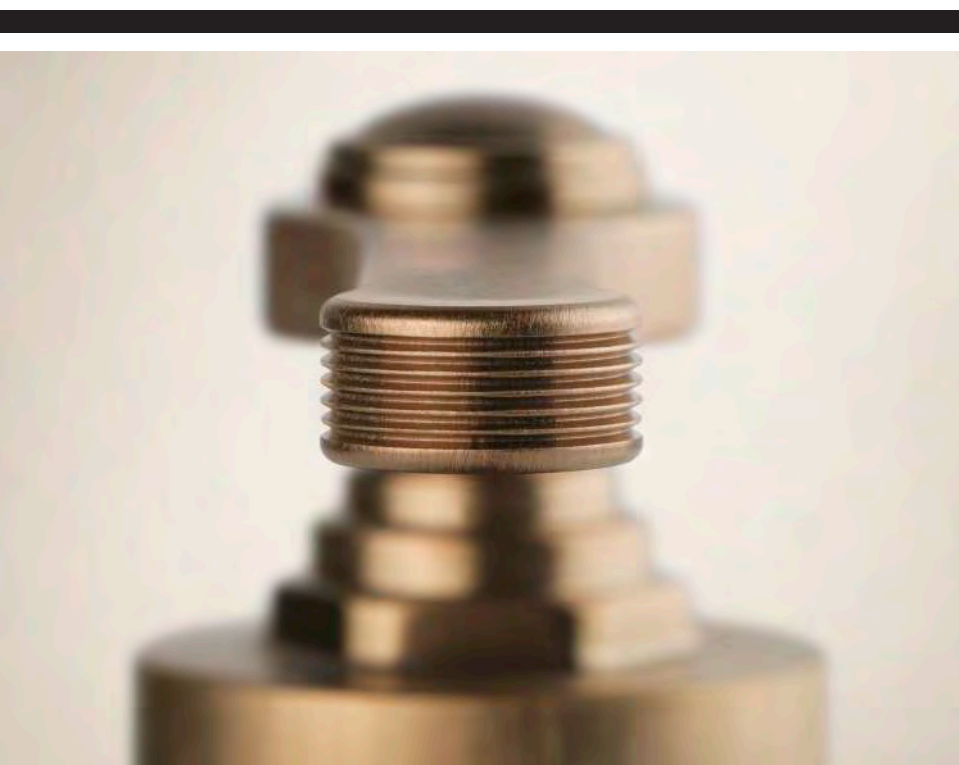

## A SUBLIME IDEA OF ONE'S SPACE

Drawing upon our imagination and dreams, we can shape our world with energy and optimism. We need to aspire to great things and rediscover a sublime idea of our everyday spaces. A thoughtful look back at the style and elegance of a remarkable time in history can help give shape to a more beautiful world today, and a better one tomorrow.

The elegance and harmony of the high sink mixer work together to create a design intended as a functional sculpture for bathrooms, enjoyable from every perspective. This jewel-like object, with its reflective curves and cuts, adds light to the space and perfectly blends into styles rich in distinctive elements.

Matt black is one of the finishes that most distinctly embodies the decade that inspired the Collection, notable for its fresh breath of positivity, strong personality, and pinch of eccentricity. Matt black is soft and deep with a subtle technical feel that suggests a spirit of innovation and change, amplifying the inventive soul of this collection.

# THE TIMELESS SOUND OF WELLNESS

A timeless harmony for all  
interior styles.

HI-FI  
Eclectic

Hi-Fi is the latest project developed by Gessi for the design and technology of a thermostatic shower mixer control with advanced functions; as such it represents the latest addition to the Gessi Private Wellness Programme.

Hi-Fi Eclectic is an evolution of the original Hi-Fi concept: a high-design multifunctional shower control with shapes and features that remind us of the panels, graphics, keys and knobs of the high fidelity stereo systems that made a deep mark in the history of design and technology.

As an aesthetic development of this original concept, Hi-Fi Eclectic incorporates, with an eclectic inspiration, formal and decorative traits of industrial nature and early 20th century heritage, and becomes a transversal design, creating the intimate and relaxing atmospheres of the world of Private Wellness in the most diverse environments, from eclectic contemporary, to classic, to industrial-retro, thus making Gessi's Sound of Wellness a timeless harmony, for all interior styles.

# LA DONNA DI GESSI

## ANELLO

LOVE IS THE PERFECT DEFINITION  
OF BEAUTY. TOGETHER FOREVER.

A pure figure, a circular physiognomy, a stylistic innovation that testifies to a physical and emotional bond. The bathroom is a place to relax after a stressful day or to spend some time before leaving the house.

# THE POETRY OF A FORM SYMBOLIZING A PROMISE

A pure figure, a circular physiognomy, a stylistic innovation that testifies to a physical and emotional bond. The bathroom is a place to relax after a stressful day or to spend some time before leaving the house. Regeneration, transformation, make-up, for a woman the bathroom is a bond of belonging and complicity, a space that favors the encounter between body and mind, where the emotional and spiritual spheres dialogue. The new Gessi Anello collection has a feminine soul and speaks of harmony, love and fidelity, drawing inspiration from the shape of the circle which is a symbol of perfection, infinity, eternity. Ring is designed as a jewel of "haute" goldsmith. Unique in its shape, it is characterized by a curved and slender body. For the way it adorns, illuminates, gives character and beauty, the female accessory par excellence is the jewel. There is no woman who does not appreciate the company of this extraordinary ornamental element. Symbol of power, magic amulet, pure vanity vehicle or precious gift, the ornamental object follows the evolution of civilizations. Since ancient times, the jewel is a representation of the person and his life; and it is, a memory of important events as well as decoration, not infrequently transmitted to subsequent generations to witness and commemorate their time beyond inspiration.

# ANELLO IS DESIGNED AS A JEWEL OF “HAUTE” GOLDSMITH

A jewel lasts longer than a dress and, in addition to being a symbol of a bond, is a sculpture able to merge design, art and fashion in a single “object” that becomes a symbol of prestige. Anello is a jewel, something precious that plays on the customization of the decoration and on the alternation of solids and voids, making it elegant, current and at the same time suitable for any stylistic solution. Harmony and gestures at the first touch, Anello gives grace and elegance to everyday life for a feminine lines total look, a game of geometric and sinuous volumes.

The collection has numerous water supply variants and each bathroom accessory is coordinated accordingly. Anello presents unusual finishes and patterns enhancing the design, considered also as an alternative to metal surfaces that we are used to seeing in the field of design.

Anello offers the opportunity to create innovative looks thanks to the unprecedented finishes proposed, playing with fashion just like a woman. The Collection incorporates numerous variables that are variously modular and coordinated.

Sophisticated and concrete, the new Anello collection by Gessi interprets a contemporary, intense woman aware of her own charm that conquers the scene thanks to the softness of its volumes.

# WARM BRONZE

basin mixer

In this version, Anello is presented in the warm bronze finishing: prestigious, precious and elegant, to show off in attracting attention as a not underestimated temptation. The bronze color gives light and refers to the nuances of nature in order to transform a design item into something much more luxurious. Through PVD technology, bronze is a highly resistant finishing that acquires further value, thanks to the combination of a circular and refined shape of a ring.

**ANELLO, FUNCTIONAL AND ERGONOMIC  
THANKS TO ITS SHAPE, CATCHES THE  
EYE AND FURNISHES WITH ELEGANCE  
AND DISCRETION**

Tradition and modernity, soft lights, fabrics with warm tones and dividing panels with warm shades involve the viewer in a peaceful and comfortable atmosphere. From lacquered furniture, or in prestigious lineages, to rich warps, the bathroom becomes a place to find harmony and balance, an intimate refuge where you can rediscover the pleasure of the self-ritual and the passing of time.

## STYLE AND A CONTEMPORARY LAYOUT

In this Anello version, the luxurious, tubular and high bodies add style and a contemporary layout as well as being equipped with the latest technologies in order to offer excellent control. Luxurious and harmonizing with other materials, the Copper finishing, is decidedly refined, current and refined, reminiscent of a material used since ancient times for the interior. Copper has also recently made a comeback as a fashionable finish both in the glossy or matt version.

# CHROME

ANELLO

## A TRIBUTE TO THE ATTENTION TO DETAIL

A slender and supple body, in this version Anello can be admired in Chrome finishing. The handle ring jewel is transformed into a distinctive element, thanks to the combination of the decoration and the smooth surface of the body. Characterized by a mirror polished effect, chrome is a great timeless classic in the bathroom and guarantees versatility and unlimited creativity thanks to its purity.

The chrome finishing is obtained by covering the nickel-plated brass with multiple layers of chrome, becoming a surface resistant to wear, scratches and corrosion. Rooms shine thanks to the chrome details of the Anello collection, matching perfectly with different materials, from marble to the warm shades of wood. Material interpretations and clear lines that contribute to create a minimal elegance of living spaces, characterized by a sequence of accessories that graphically draw the walls.

# ANELLO GESSI

## UNIQUE AND PRECIOUS, JUST LIKE JEWELRY

Anello wears an antique brass finishing : antique brass that adds a touch of authenticity while elegantly highlights and enhances the silhouette of the design. Gold, black and brown tones reinforce and contrast the decorations, highlighting the outlines. To obtain the antique look, the process begins with the sandblasted brass, first painted in gold, then in black or brown, afterwards highly skilled craftsmen brush the surface manually, bringing to light the golden tones.

## A SYMBOL OF CHARM, SENSUALITY AND REFINEMENT

# A NELLO

Black, as a symbol of charm, sensuality and refinement is also a trend setter in fashion. It has been chosen by the biggest divas as their emblematic style banner. Not a simple way of dressing, but a real philosophy.

Black Metal, infinite black and glassy, is designed to add a touch of high technology to everything it rests on, with a glittering color, dark but shiny, enhancing the surfaces giving them a warm and distinct appearance.

# L' UOMO DI GESSI

INGRANAGGIO  
WE ARE THE PERFECT  
MECHANISM IN OUR  
OWN EXISTENCE

## A PRECIOUS AND PUNCTUAL GEAR

Ingranaggio is a game of interlocking mechanics, precious and current, suitable for any stylistic solution. The bathroom is the space in which to recover energy relating to ourselves and reclaim our archaic part.

# INGRANAGGIO

# CHROME FINOX

Basin mixer

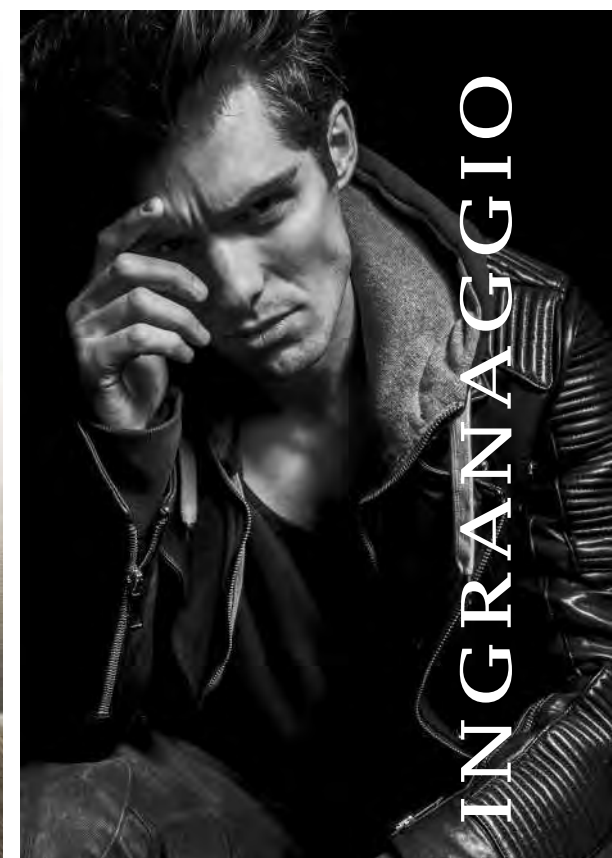

# LINEARITY AND ERGONOMICS

Ingranaggio is a symbol of linearity and ergonomics which thanks to its shape shows diverse and complementary flows in combination with polished or brushed finishes, such as chrome and Finox. If the first one shines with light, Finox gives an industrial aesthetic inspired by stainless steel, highlighting the balance and details of the shapes.

INGRANAGGIO

# AESTHETIC AND FUNCTIONAL RESEARCH

The interiors are full of contrasts and are not afraid to dare with materials and shades, showing extreme care for domestic sceneries that, starting from the bathroom, dialogue with all the other rooms of the house.

# BLACK METAL BRUSHED

Tall basin mixer

TIMELESS  
DESIGN AND  
AESTHETICS

Ingranaggio soars with pride and austerity dressed in black. The Black Metal Brushed is a smooth and tactile finishing, treated to ensure that its color is maintained forever, adapting to timeless architectural atmospheres.

# COMFORT, INNOVATION AND AESTHETICS

INGRANAGGIO

Comfort, technological innovation and aesthetics are the aspects that define the function of the entire collection, offering a sophisticated and elegant way to present the modern. Ingranaggio proposes lines and accessories designed for "him", to be chosen and worn as a tailored suit.

# MATERIALS AND ESSENTIAL, NET LINES

Materials and essential net lines contribute to creating refined spaces by exploiting the calibrated insertion of the most decisive and intense shades giving personality to the room.

# WARM BRONZE

Two holes basin mixer

# COLOURS AND FINISHINGS

Warm colors stimulate and welcome the observer in a multicomfort environment, increasingly open and integrated with other spaces and, in some cases, imagined almost like a living room.

GESI

# AGED BRONZE

Wall mounted basin mixer

INGRANAGGIO  
GESSI

Perfect to satisfy the trend in using washbasins with decidedly important proportions. In order to obtain the Aged Bronze antique effect finishing, the process starts with sandblasted brass, first painted in gold and then in black or brown.

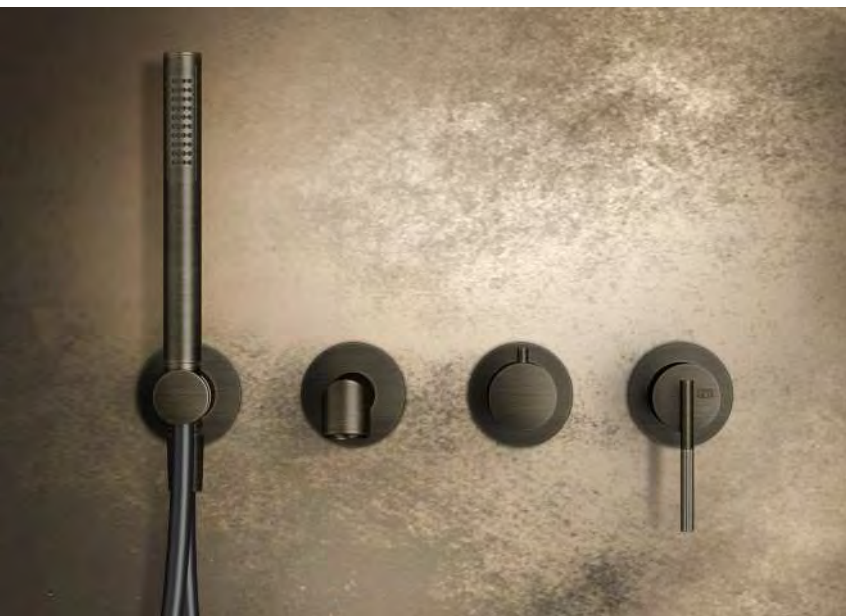

# CLEAN AND TIDY LOOK

The Ingranaggio wall mounted basin mixer gives a clean and tidy look.

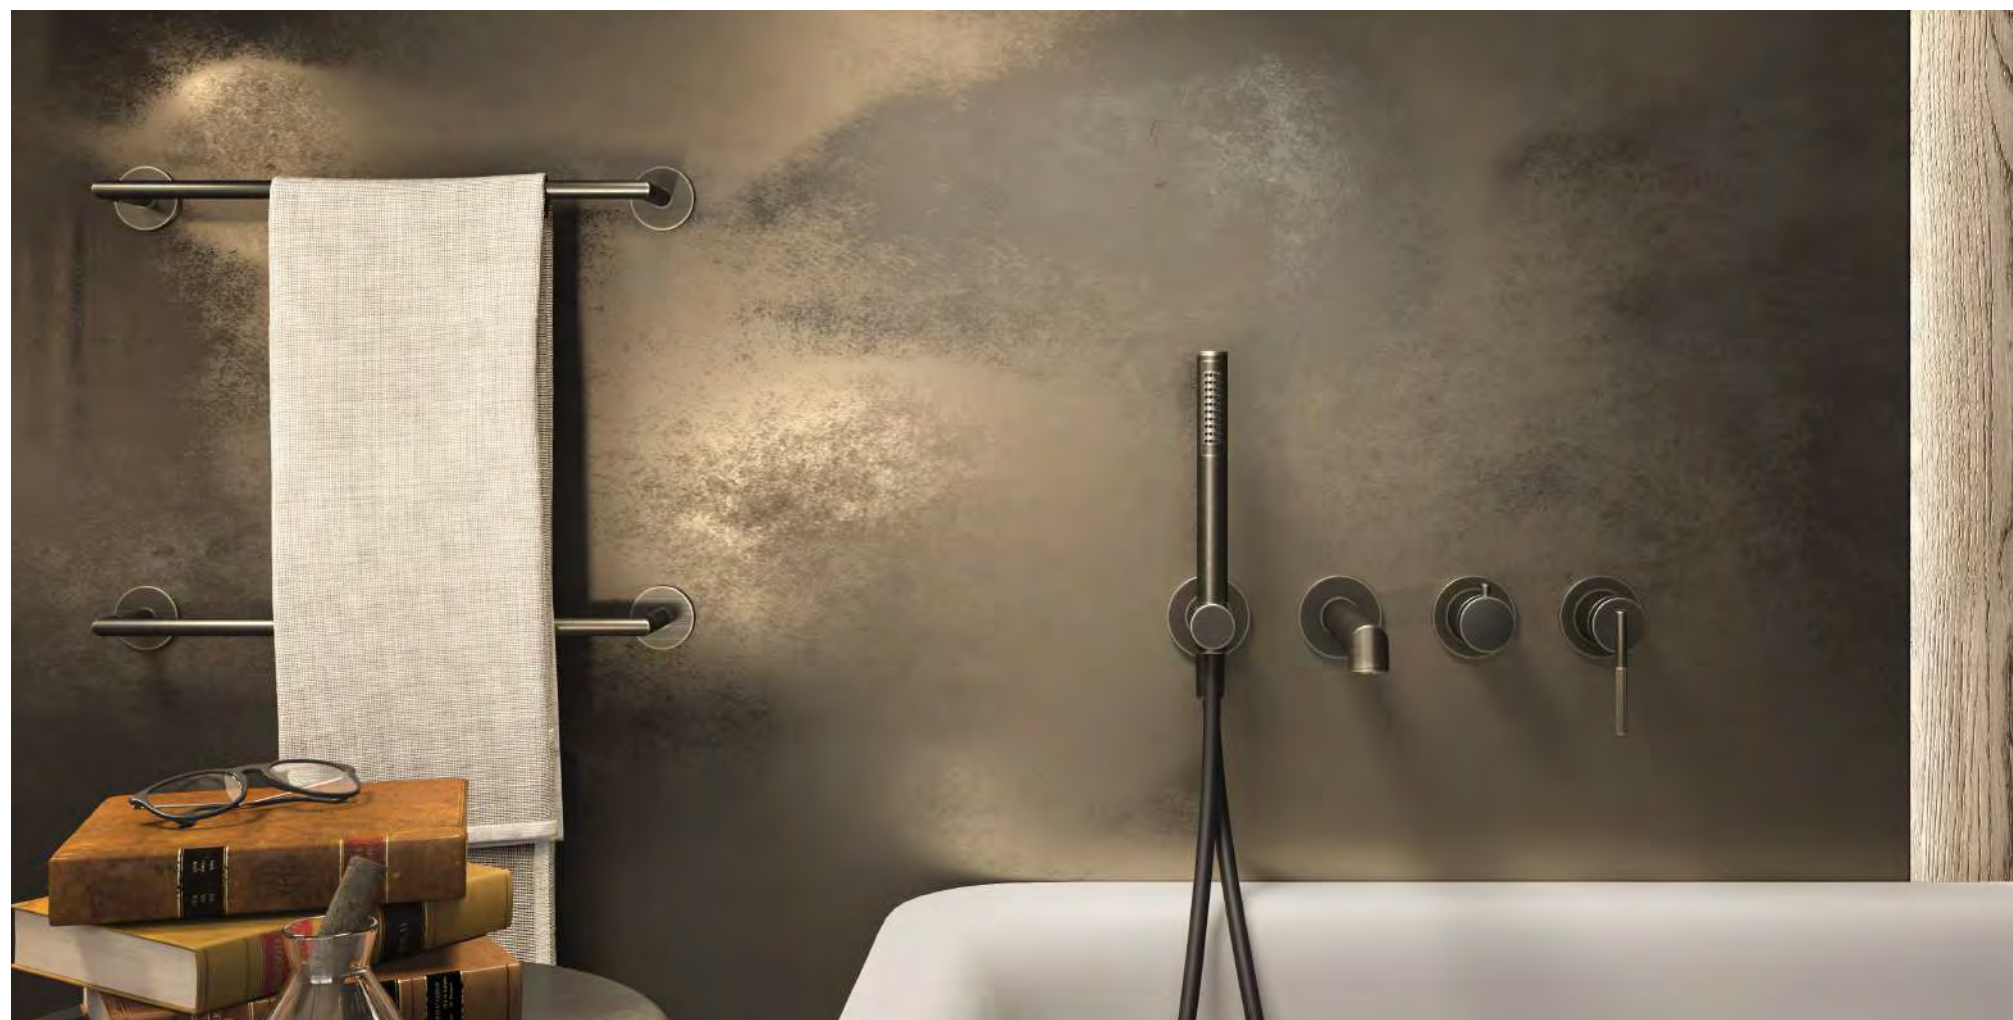

# REFINEMENT AND ELEGANCE

Fusion between the contemporary refinement and the elegance of the past, this solution creates an extremely welcoming atmosphere that smells of the past and shaving foam.

GESSI

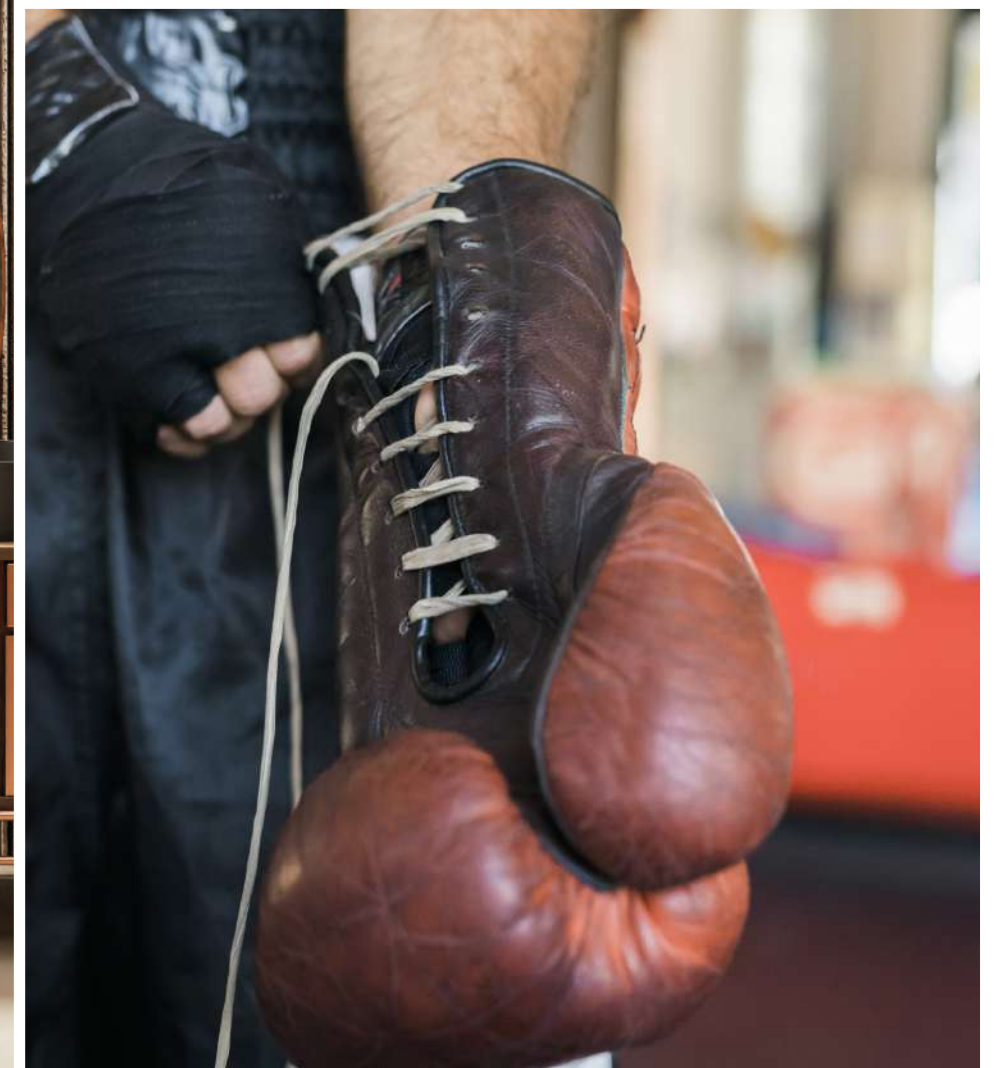

# BLACK

## Ceiling mounted spout

## SCENOGRAPHIC INSTALLATIONS

The Ingranaggio scenic shape ceiling installation is a philosophy to tell the water and in this collection accentuates its charm thanks to the linearity of the knob that takes up the verticality of the spout.

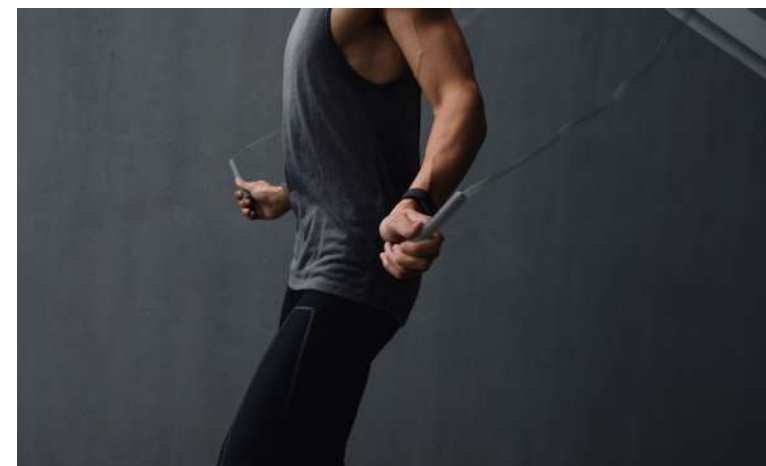

# INGRANAGGIO

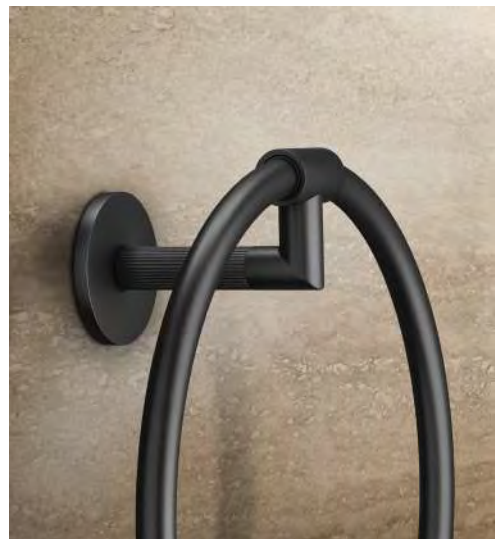

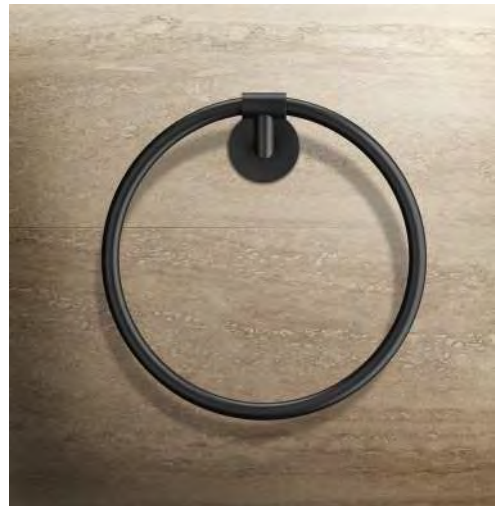

The research, even male, that involved prêt-à-porter has expanded to design, distinguishing itself in a sense of complacency and safety coming from the right and indispensable choice. The bathroom, Black, strictly decided, with a prevalence of textured surfaces enhanced by dark colors and neat, sophisticated solutions, changes into a place to reconvert your time, where sustainability is the protagonist and the style is even not overlooked. An uncompromising choice that combines in contrast with the tones of leather stitched, precious stones and iridescent materials that, with their combinations, are the absolute main characters.

# TEXTURE AND COLOUR

The interiors focus on craftsmanship, respecting the “real” colors of the materials used, in a tuned and melodious dialogue.
