GLASS MOUNTED PROGRAMS

The UV program: Accessories are supplied with a solid back which require UV curing adhesives to install the product on glass. This option involves no drilling through the glass and the product can be mounted on tempered glass as well as regular glass. Because the back is solid, there is no hardware required to install the product. Please note that the UV curing adhesive is not supplied with the product. **To order simply add the suffix -UV. All Neelnox accessories can be ordered with this option.**

Pricing: The UV program is priced at x1.15 multiplier.

Example:

	Model	List Price
Regular Installation	FRM-RHS1-P	\$42
Glass Mounted UV Program	FRM-RHS1-P-UV	$\$42 \times 1.15 = \48.3

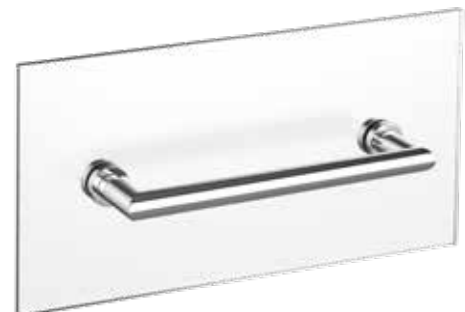

The DG program: This program involves drilling holes through the glass. The products are supplied with a hardware which holds the accessory in place along with a finished rosette which ensures that the hardware is completely concealed after installation. **To order simply add the suffix -DG. All Neelnox accessories can be ordered with this option.**

Pricing: The UV program is priced at x1.2 multiplier.

Example:

Series Origin: Hammered Texture

The beautiful hammered texture adds warmth to your bathroom. All custom finishes shown are available in a hammered texture. So for example if you would like to order a hammered texture in a brushed gold finish, go right ahead. Hammered niches can be ordered with rails as well. To order a hammered niche, simply add the suffix -HMD to the product.

SERIES Origin: The groundbreaking series of stainless steel niches is available in two installation styles, Flushmount and Undermount. The sizes mentioned here are the final visible installed sizes of the niches.

Note: To calculate the price of a product with custom options, select the finish from Table A and add the price listed in Table B for the customization. Standard rails are the same finish as the product and custom rails would be a different finish specified.

Product Care

Stainless steel is easy to clean and maintain. Following the guidelines listed herein will help your fine Neelnox products look great for a long time. For brushed finish products, we recommend 3M Stainless steel cleaners or a damp soft cloth, mild dishwashing soap and a non abrasive sponge if required. Always clean along the direction of the grain. For polished finish stainless steel, a damp soft cloth and mild dishwashing soap should suffice. Do not use acid or corrosive solutions, chloride solutions, abrasive pads or steel wool for cleaning.
