An aerial photograph of a beach with turquoise waves crashing onto the shore. The water is a vibrant blue-green, and the sand is a warm, golden-brown. The waves are breaking in a rhythmic pattern, creating white foam. The overall mood is serene and natural.

# Beauty for the discerning

Acquabella has arrived from Europe, where our name is a byword for beautiful bathrooms. We understand the dream of a restorative, calming space to relax and indulge in a deep, relaxing bath or an invigorating shower.

Our stylish tubs, shower trays, sinks and totems are all crafted with clean lines from our proprietary engineered stone materials; richly luxurious, yet highly practical for daily life.

In addition to award-winning design and material excellence, Acquabella delivers products with industry-leading environmental credentials.

Not only are we reducing our consumption of raw materials and waste, we also strive for a circular economy to minimize our carbon footprint in every aspect of what we do. As a sustainable brand, we are very proud that our manufacturing energy supply comes exclusively from renewable resources.

Creating the stunning and the special is our mission. From innovative shower trays with clean lines that allow zero threshold installation for ultimate usability, through to the Opal Quiz bathtub featuring three uniquely choreographed external textures, our designs have garnered multiple awards from around the globe.

The end result is fabulous products that don't cost the planet - read on to discover the best of European bathroom inspiration and innovation, Acquabella style.

*It is clearly noticeable that we are moving away from a uniform, smooth finish in favor of materials that attract attention not only with color, but also texture. We are looking for a sort of three-dimensionality of products, depth. As a designer interested in new trends, I pay attention to two aspects. One is strictly visual. In this case, it's about a trend understood as the materialization of human longings. It is apparent that we miss soft, natural forms. We also miss colors. And it all surfaced at the Milan fair. The second aspect is about exceeding production capacity.*

# Akron

Akron is a compound of resin and mineral fillers, compacted to a solid material. The resulting matrix is achieved with polyether polyols, guaranteeing superior water resistance. The surface is treated with a resin coating to ensure total integration with the substrate. It does not produce emissions of volatile organic compounds and is perfect for the realization of subtle, high definition surface textures.

Available in natural matte 'Snow White' or the four optional solid color finishes\*

This unique combination of properties makes Akron the ideal material for casting all our shower trays along with the multiple award winning Opal Quiz bathtub.

# Dolotek

Dolotek is a resin and dolomite stone composite. State of the art manufacturing harnesses the strength of the natural stone element. Its superior performance is the reason why Dolotek is often referred to as the 'ceramic of the 21st century'.

Dolotek's smooth, soft-textured surface is its dominant feature, be it in natural matte Snow White or the optional gloss Snow White. There's also four other external matte color options\*

High performance aesthetic and physical qualities contribute equally to its ability to make technically advanced products.

This unique combination of properties makes Dolotek the ideal material for casting our smooth, seamless bathtubs, sinks and totems.

## SHOWER TRAYS

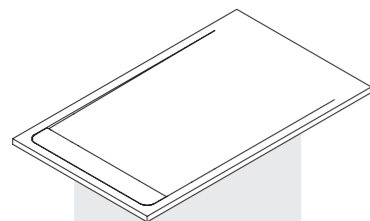

At the cutting edge of bathroom design, every Base shower tray now comes with two sorts of drain covers included: Akron color-matched grid and Inox brushed metal grid.

- » Precision engineered contouring featuring built in slope and drainage for perfect water dispersion and egress
- » Installation options include recessed for full barrier-free solution or install directly onto floor
- » Available in a range of sizes up to 66" x 36" with the benefit of on-site adaption / trimming
- » No porous grout lines on the floor to degrade over time and allow water to seep through
- » Easy to clean – harsh cleaning products not required

# Color Options

At Acquabella, we have developed a carefully curated palette of four timeless color options. These have been designed to complement the original Snow White, and provide additional choice for the creation of a dream space.

Working on the basis of 'less is more', these options are intended to be placed at the very center of your mood board. Being neutral, they are fabulous for accessorizing with pops of color of your choosing, be it with faucets, tiles or soft furnishings.

Please refer to individual product pages and technical sheets for specific color option availability. The classic combination of Snow White interior and color option exterior is available for most bathtubs (see page 28, Apex, for example image).

*The feeling of comfort and balance is built by light forms, soft textures and subtle, natural colors. By combining all the elements carefully and thoughtfully, we can achieve a state of inner harmony every day.*

## USE AND MAINTENANCE

To enjoy your product for many years to come, follow these simple tips:

1. For regular cleaning, we recommend universal, non-abrasive cleaning products.
2. After each use, rinse the inner surface with water and dry with a cotton cloth. Do not use synthetic or microfibre cloths as they may scratch the surface.
3. To remove limescale, use vinegar diluted with water.
4. Clean stubborn stains with warm water and mild detergents or soapy water. For specific cases (such as hair dye or nail polish) use nail polish remover or acetone. Finally, rinse thoroughly with water.

### ATTENTION:

We recommend using a green pad (Scotch Brite or similar) or an abrasive sponge only in the case of superficial scratches or persistent stains.

Do not use it over the logo.

## REPAIR

This kit can be used to repair damage and scratches. We recommend that it is applied by a professional. The kit contains all the components required to carry out the repair and to guarantee professional quality and finish.

Preparation of the area to be repaired:

1. Remove loose debris from the damaged surface with the help of a cutter or sharp tool. Apply burning alcohol to remove any loose powder, using a cotton cloth that does not leave any lint.
2. The surface must be completely clean and dry.
3. Protect the perimeter area of the damaged section with masking tape.

### Directions for use:

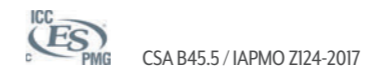

1. Protect your hands with gloves and wear a mask.
2. Pour canister B (Pipette) into canister A and stir with the spatula for about 30 seconds until everything is well mixed.
3. Apply the mix immediately to the damaged surface using the spatula. You must apply excess material, leaving more than enough. Leave to dry for at least 6 hours.
4. Remove the masking tape and wet the sandpaper before use. First use the red sandpaper with the white block as a support to sand the damaged surface in small circles. Then repeat the same process using the grey sandpaper.
5. For an improved final finish, give the entire surface a light once-over with a green scourer (Scotch Brite or similar).

*\*The Repair Kit has an expiration date of 3 months from the date on the package.*

### ATTENTION:

There may be slight variations in shade from the original colour. Repair Kits should be stored in a cool, dry place and out of the reach of children.

# RESIDENTIAL WARRANTY

## RESIDENTIAL LIMITED LIFETIME PRODUCT WARRANTY\*

Acquabella is proud to offer the Residential Limited Lifetime Product Warranty set forth below for bathtubs, wash basins, and shower trays (the "Products"). This Limited Warranty is in lieu of all other warranties.

**Application:** This Limited Warranty applies solely to Products manufactured after January 1, 2021, purchased from an authorized Acquabella distributor or retailer, and installed in the United States. Proof of purchase must be provided to Acquabella upon request. Display floor models and overstock sale units are excluded from this Limited Warranty.

**Limited Warranty:** Acquabella warrants to the original purchaser and any subsequent purchaser that, if Acquabella determines, during the period of twenty-five (25) years from the date of original purchase, that the Product manifests a defect in material or workmanship and (1) the Product is installed, maintained and used according to Acquabella's recommended installation and maintenance procedures and usage instructions, and (2) use of the Product is limited to personal, family or single household purposes, Acquabella will either repair, replace or make appropriate adjustments to the Product.

**Exclusions:** This Limited Warranty does not apply to or cover defects, damage or other failures that are the result of normal wear and tear of Products, or unauthorized or unreasonable use; caused by freight carriers or installers; or resulting from improper handling, modification of any type, improper installation, misuse, incorrect operation, lack of proper routine maintenance, the use of improper cleaners or abrasives, cigarette burns or burns from hot appliances, staining from food, beverages, makeup or medicines, or acts of God, including earthquakes, floods, storms, etc. Any alteration, customization or modification of the Products voids this Limited Warranty in its entirety. Acquabella is not responsible for any damages caused by filling or overfilling, or leaving a full bath unattended. Acquabella also is not responsible for any damage caused by failure to follow Product instructions or neglect of the user when using the Product.

**Warranty Claim Process:** All claims under the Limited Warranty must be submitted in writing to Acquabella within 15 days following discovery of the basis of the claim. All such claims must be submitted to [cs@acquabella.us](mailto:cs@acquabella.us) and each claim must set forth the date of discovery, a description of the defect, the name and address of the authorized distributor or retailer from whom

the Product was purchased, the name and address of the installer of the Product, and the date and address of installation and the type or style of the Product. Any claim submitted via an alternative method or without the required information shall be null and void.

**Warranty Performance/Limited Remedy:** The sole and exclusive remedy, and Acquabella's sole liability arising from this Limited Warranty will be, at Acquabella's election, the repair, replacement or appropriate adjustments to the Product. In all cases a reasonable time must be allowed for commencement and completion of warranty repairs, replacements or adjustments. Repairs will be made by an authorized Acquabella repairer.

**Labor Not Included:** Acquabella is not responsible for labor charges or other charges related to the removal or installation or the expense of shipment to or from the factory, except where this provision is prohibited by law.
