VALVES & CARTRIDGES

PREMIUM VALVING TECHNOLOGY

STATE-OF-THE-ART AMERICAN, GERMAN, FRENCH, ITALIAN, AND HUNGARIAN COMPONENTS

Our premium thermostatic valves are engineered to the highest standards for precise temperature control, performance, comfort, and safety. Our industry-leading valves exceed uniform plumbing codes.

Our proprietary thermostatic valving brands are Sigmatherm®, Eurotherm®, Simply Safe®, E-Mini, and Butler Mill and Brassworks.®

We design and specify our valving, then partner with the finest technical manufacturers in Europe and USA. Our faucets utilize premium valves and cartridges from these leading brands.

PERFORMANCE

- Unleaded lavatory sets that exceed NSF 61-9 sanitary standards and California Title 54 requirements.
- Exposed thermostatic systems in all sizes.
- Solid brass construction is the foundation our faucets are built upon.
- State of the art ¼" turn ceramic disc cartridges with lifetime warranty.
- World's finest thermostatic systems – ½", ¾"
- ½" and ¾" thermostatic valves have the highest flow rates in the world: dual exit ½" at 15 gpm, dual exit ¾" at 32 gpm.
- Superior machining and sheet metal work – Made in the USA
- Unleaded brass compliant with NSF-61 codes.
- State of the art finishing capabilities including Electroplating, Powder Coating and PVD Physical Deposition Technology all Made in the USA
- Mix and match all components for personal design selection.
